Annual Report

BLACKFORD COUNTY
COMMUNITY FOUNDATION

Dear Friends,

In 2017, you accomplished much in this community through your contributions to the Foundation.

Your dollars made significant improvements to the county: a walking trail, helped build a 1.9 mile walking trail, Wilderness Park improvements, the beginnings of an animal shelter building project and a nature play area as part of one public library.

You pushed new literacy projects: a virtual reality lab at the high school, a children's reading area in a second public library that is also providing an after-school care program for local youth.

With all of that, you still managed to sustain those ongoing projects that have long touched your hearts: supporting an incentive store for young families, giving to the senior citizens center, and awarding nearly \$86,000 in scholarships to graduating seniors.

Clearly, you are the heroes of this county!

New Funds Established in 2017

One in five funds at the Foundation provides for a specific nonprofit organization in Blackford County.

The *Blackford County Historical Fund* was established through a bequest from the estate of Marilyn J. Scott, a graduate of Hartford City High School and a longtime resident of the city. The fund will help support Historical Society projects.

The *Hartford City Parks Department Fund* was established to receive donations from patrons who wish to maintain local parks. The first project was resurfacing the Hoover Park Basketball Court.
